PWB

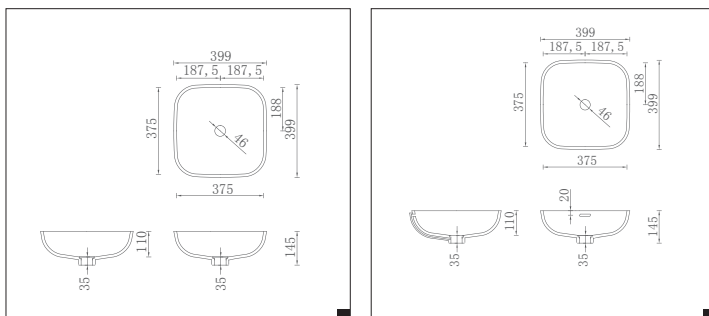

Nvwarock® PWB bowls are thermoformed with Corian® solid surface material. The Integrated bowls promote beauty, functionality, durability and easy care. The Collections offer a range of design options and free collocation of shape, color and installation type. The integrated sinks are pleasing to the eye, which are best choice for applications in bathroom and public space.

We can customize your sink production according to your individual color choice.

Note: The dark, heavily pigmented colors are more sensitive and the radius would show slight variation in color at joint of solid surface after the final finish work.
